

List of Free Online Directories

Besides submitting sitemaps, optimizing websites, and the usual SEO (search Engine Optimization), it's always a good idea to submit manually to various other directories. Following is a list of some of the many directories you may want to submit to in order to increase website exposure.

Directory	Approval Time	Details	Rating
dmoz.org	Too long	This free directory is a "must submit". The SEO and traffic rewards are incredible. Most sites do not get listed and many of the sites that do take years!	**
somuch.com	Fast	Sites are reviewed on a first-in, first-out basis. This could take anywhere from a few hours to a couple of weeks before your site is listed depending on number of submissions yet to be checked.	****
Jayde.com	Very Fast	Far too many categories and your site could be buried deep in no man's land. A good submission for for free back link.	****
viessearch.com	Fast	Viesearch has been a general directory since May of 2006. But requires reciprocal link.	***
exactseek.com	Very Fast	You are able to add multiple website URL's from one account. Also, able to check ranking when sufficient data is available.	****
txtlinks.com	Fast	The site has operated as a directory since March 2006. Reciprocal Link required.	****
bizhwy.com	Fast	Not the best of directory website layouts, also it seems the business revenue model is to sell paid listings.	***
Directory-free.com	Fast	Reciprocal Link required.	***
dmeqs.com		Reciprocal Link required.	***
